# About us

## The Spirit of Innovation

**Global Player.** COLOP is one of the world's leading manufacturers of modern stamps, with over 400 employees worldwide, 120 regular export markets and an export rate of more than 98%. Continuous growth is firmly rooted in COLOP's corporate philosophy, which ensures that the globally increasing demand for high-quality European stamp products can continue to be met in future - it was for this reason that a major expansion of the production capacity at the parent plant in Wels, Austria, and also at the company's second production site in the Czech Republic, have just recently been carried out.

**Innovation & Design.** Since it was founded around 35 years ago, COLOP has been committed to product innovation in the field of state-of-the-art marking devices, particularly stamps. In 2008, for instance, the company introduced 'Green Stamps' into the stamp world. These stamps are made predominantly from recycled or renewable raw materials. Stamps with antibacterial protection are another of the company's significant innovations. Last but not least with the Printer the personalisation of stamps has become a trend.

**Marking Solutions.** The range of products comprises a large selection of stamp solutions for different applications, including office and pocket stamps, text and date stamps, rectangular and round stamps. COLOP also supplies all the products and systems necessary to ensure a high-quality stamp imprint. The range of services offered by COLOP is rounded off by e-business solutions for the creation of text plates and the sale of stamp products online, as well as software tools for the personalisation of ImageCards™.

**Quality & environmental management.** COLOP's environmental management system has been ISO 14001 certified for many years, which ensures that all processes have been optimised from an ecological perspective. The company has however also had the conviction to make a voluntary, above-average contribution to environmental issues, going above and beyond the strict EU and national regulations. COLOP has been ISO 9001 certified since 2001. This certification forms the basis for a continual improvement process as part of the company's excellent internal quality management system.

**High tech production.** A modern and efficient production process is of great importance to COLOP, paying special attention to the energy resources required. Fully automated production and manufacturing of key product lines, ongoing modernisation and upgrading of machinery and constant process optimisations all ensure high quality products and an energy-efficient manufacturing process.

# Printer Line

The comprehensive range of self-inking stamps

The Printer Line offers a complete choice of sizes from small and handy up to large and generous - the largest range of formats from round to oval and even a triangle.

Produced in high quality materials for reliable, regular and comfortable use

Almost all common sizes are available from very small up to X-large imprints

Available in all kinds of formats from rectangular to triangular as well as from round to oval and more. For eye-catching and outstanding imprints

Offers a wide range of text-, date- and text-date-stamps and even stamps equipped with stock text

# The COLOP Printer

Unique as you

**Numerous innovations and fascinating technical details guarantee easier and more precise stamping.**

**Innovative frame concept (patent pending)**  
 - precise guidance  
 - high quality performance  
 - smooth movement  
 - gentle sound

**Extra fast assembly**  
 - stand up functionality  
 - detached protection foil  
 - grid for quick positioning (patent pending)  
 - TOP identification

**Anti sliding technology**

**Up to 10 % less volume**

**Easy to detach image window**  
**Improved and backward compatible ink pads**  
 - direct insert pad  
 - catch feature  
 - new protection bar (patent pending)

**Transparent base**  
 for perfect imprint alignment

**Cover**  
 for protection and mobile use

**Unique stock keeping optimisation**  
 - new concept: 2 articles → 8 variations and 6 ink colours = **12 SKU's**  
 - instead of: 8 articles → 8 variations and 6 ink colours = **48 SKU's**

# Unlimited personalisation

For your individual stamp

XXL image window for first class personalisation (patent pending)

Extended “private label” area keeps rubber stampmaker in customers’ mind

Marketing opportunity brings dealer brand to the end user

Business customisation presents professional’s corporate design

Personalisation for private end users makes the stamp unique

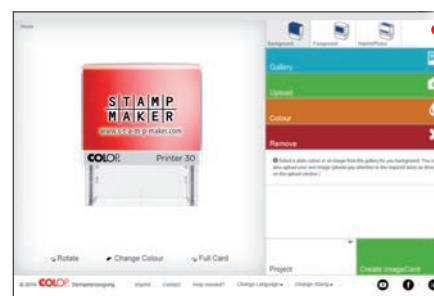

## ImageCard™ Sheets

COLOP provides perforated ImageCard Sheets. After printing the ImageCards can easily be popped out and inserted into the stamp.

# Pocket Stamps

Essential companions

Multifunctional and always with you - on your desk in the office, or "on the road" in a pocket, around the neck or on a keyring.

Pocket Stamp Plus:  
open - stamp - close  
with just one hand

Easy and flexible  
to use - effortless  
and clean

Small, smart and  
portable - with a clip  
it goes everywhere

COLOP's pen stamps  
are attractive writing  
implements, but with  
the added function  
of a practical stamp

Modern design -  
the perfect gift for  
everyone

# DIY Stamps

Express yourself - impress the rest

The COLOP range of DIY stamps combines the functional advantages of self-inking stamps with the ability to set and create an individual message. DIY stamps are available as typical office stamps as well as handy portable stamps.

Attractive packaging  
- stands out in every  
retail outlet

Easy setting of  
an individual text  
plate using the  
tweezers supplied

Flexibility to  
change as often  
as required

With pictograms  
and symbols -  
always on the  
leading edge

# Green Line

We take responsibility

The self-inking stamp range predominantly made from sustainable and recycled material. A minimum of between 65 % and 80 % recycled plastic is used. The already significantly reduced but unavoidable CO<sub>2</sub> emissions are compensated by means of investment into climate protection projects (GOLD STANDARD Projects), based on the system boundary "cradle to gate".

Evaluated according to ISO 14044, verified by Denkstatt an independent institute and based on the system boundary "cradle to gate"

The Classic Green Line handles are FSC® certified (Forest Stewardship Council®)

The Austrian Eco-Label is awarded by the Republic of Austria as represented by the Federal Ministry of Environment

The Green Line range was audited during the ISO 14001 accreditation process

# Microban® Stamps

Stamps with antibacterial protection

In daily life stamps are handled by many different people – this means multiple hand impressions and the transfer of bacteria. Built-in during the point of manufacture, Microban® antibacterial protection inhibits the growth of harmful bacteria.

The main touch points have Microban® antibacterial protection built-in

Left:  
Unprotected surface

Right:  
Surface protected  
with Microban

COLOP are utilising Microban 3G Silver™ technology. Built-in during manufacture, it will not wash off or wear away.

COLOP regularly participate in the Microban Quality Assurance programme

Classic and Expert Line see pages 22-29

# Spare Pads

Quality parts that make the difference

COLOP spare pads are developed and produced to fit exactly for COLOP self-inking stamps - a perfect combination for perfect imprints.

Clean and simple exchange of spare pad

Sharp and clean imprints only with the original COLOP spare pads

High quality ink used:

- Document proof
- Non toxic
- Anti dry out formula

Available in 5 standard colours

Also available: 2-coloured imprints in red and blue

Colop Spare Pads	
The inks used in COLOP® pads for self-inking stamps are tested and certified as permanent, document-proof ink according to DIN (Deutsche Industrie Norm) ISO 14145-2.	
Do not reink

Felt Pads

Spare pads are also available as felt pads, with the exception of those marked with \*. Felt pads are used for special inks like oil or solvent based inks, i.e. COLOP Quick Drying Ink 802.

Ink Pads for Other Models

COLOP offers a wide range of ink pads for stamp devices from other manufacturers. Further details are available upon request.

# Band Stamps

Tradition in reliable quality

**Traditional rubber stamps with deep moulded bands for use with a separate stamp pad. Available as date stamps or numbering stamps.**

Economical and functional - available in many different sizes and character measures

A sturdy metal frame makes this band stamp a long-lasting marking device

Special character bands are available for the majority of the models

Ergonomically designed handles for comfortable use

# Eos Line

## Complete range of Flash Stamps

The EOS Line is a modern and ergonomically designed flash stamp. This technology allows an optimised handle size also for large text plate sizes.

All EOS standard and X-large mounts consist at least of 50 % recycled plastic.

X-Large image window for full size imprint and personalisation

Dust cover for protection and transportation

Easy and clean re-inking

Also very large imprint sizes are possible

Motivational Stamp - perfect for teachers to motivate their pupils

**!** For more information about COLOP EOS Line please visit [www.colop.com](http://www.colop.com) or apply to your COLOP contact.
